

EXPERIENCE

Ziba Design – Interaction Designer

Clients: Daimler Trucks North America, FedEx, Rubbermaid, and Palo Alto Health Sciences

Nov 2014 - Present / Portland, OR, USA

Crafting compelling experiences via digital user interfaces, prototypes, and product branding. Based on experience architecture, web strategy, and design research.

NASA MHCI Capstone – Technical Lead

Jan - Aug 2014 / Pittsburgh, PA, USA

Designed a context-aware mobile application that helps astronauts and engineers track and share information more effectively, in collaboration with a team of masters students and the NASA Ames HCI Group.

GASP CMU – Interaction Designer

Mar - May 2014 / Pittsburgh, PA, USA

Conceptualized and built an interactive installation that extracts and displays air quality data from airnow.gov, alongside the Group Against Smog & Pollution.

Clickbrands – Front End Designer

May - Oct 2013 / Monroeville, PA, USA

Designed, implemented, and launched apartmentreviews.net and apartmentlinks.com, by developing wireframes, interactive mockups, visual assets, and the front-end code base.

EDUCATION

Carnegie Mellon University

MS in Human Computer Interaction - 2014

BS in Information Systems - 2013

SKILLS

Contextual Inquiry
Wireframing
HTML5
Javascript
Photoshop
