EXPERIENCE

Ziba Design – Interaction Designer

Nov 2014 - Present / Portland, OR, USA

Crafting compelling experiences by creating digital user interfaces and prototypes, product branding, experience architecture, web strategy, and design research.

NASA MHCI Capstone – Technical Lead

Jan - Aug 2014 / Pittsburgh, PA, USA

Collaborated with a team of masters students, and members of the NASA Ames HCI Group, in order to design a context-aware mobile application that helps astronauts and engineers track and share information more effectively.

GASP CMU – Interaction Designer

Mar - May 2014 / Pittsburgh, PA, USA

Collaborated with a teammate and members of the Group Against Smog & Pollution, in order to design and build an interactive air quality display.

Clickbrands – Front End Designer

May - Oct 2013 / Monroeville, PA, USA

Created wireframes, interactive mockups, visual assets, and collaborated with teammates, in order to design, implement, and launch apartmentreviews.net and apartmentlinks.com.
